

Join our Supervisory Committee

We are currently recruiting for people to join our **Supervisory Committee**

The Supervisory Committee operates very much like an Audit Committee. The role of the Committee is to ensure that the credit union is run in accordance with the rules and regulations. It operates **independently** from the Board of Directors. In addition to providing **oversight** and **assurance**, the Committee conducts internal audits of the credit union's activities and reports their findings direct to Management and the Board. Read our annual reports [HERE](#).

This role would suit someone who has **finance**, **internal audit**, **governance** or **risk management** experience. Someone who is interested in working in the third line and has the courage and confidence to provide robust and constructive challenge to the Board of Directors.

You will be joining **2** other members of the Committee and will be provided with support and guidance prior to joining. **If you are interested, please contact us: Russell.Heppleston@Kentsavers.co.uk**
